## Deluxe Pedicures

### Deluxe Pedicure - \$35

Delight your feet with this sole saving treatment. This pedicure is an extension of a basic pedicure along with smoothing sugar scrub, a refreshing massage with cooling gel and a warm paraffin wax treatment. Your feet will feel like new again!

### The Green Tea Therapy Pedicure - \$40

This service starts off with a footbath in anti-oxidant green tea and herb leaf. Your feet are then treated to an exfoliating dead sea salt glow scrub and luxurious massage. A layer of foot masque is applied to moisturize and penetrate your skin. When your feet emerge, they will be extra soft and young looking.

### Fresh Cucumber Therapy Pedicure - \$40

Cucumber is known as a natural "heat deceiver". To soften and rejuvenate your feet, we use fresh cucumber, sea salt and a citrus sugar scrub. Intensive callus removal treatment is also our main focus here. A layer of foot masque is also applied to lock in moisture. Finished off with a relaxing leg and foot massage with birch and mint lotion, leaving your feet fresh and renewed.

### Paradise Tropical Pedicure - \$40

Rest your senses while your feet soften in a bath soak and slices of lime. Your feet are then buffed with a tropical fruit sea salt glow to soften and plump your skin. A foot masque is applied to penetrate and lock in moisture... leaving a refreshing and smoothing treat on your feet!
